

The Ryde School

Sports Premium Funding 2016/2017

The Sports Premium funding has been given to schools to build on the legacy left after the Olympic Games in 2012. The primary purpose of the Sports Premium is to engage children in sport and offer sporting opportunities to all children. Further purposes of the funding is to offer quality teacher training in P.E. to enable high standards of P.E. to be taught, to encourage competitive sporting opportunities and to offer the children opportunities to engage in sports for life.

As a school we have thought carefully about how we will spend our Sports Premium to enable all children to access high quality sporting experiences and encourage a life-long interest in sport.

Sports Premium Received 2015/2016 £8894.00				
Where?	What?	Impact	Legacy	Total and % of cost
