

The Ryde School

Sports Premium Funding 2012/2013

The Sports Premium funding has been given to schools to build on the legacy left after the Olympic Games in 2012. Its primary purpose is to engage children in sport and offer sporting opportunities to all children. Part of the purpose of the funding is to offer quality teacher training in P.E. to enable high standards of P.E. to be taught. Also the Sports Premium funding is to be used to encourage competitive sporting opportunities and to offer the children opportunities to engage in sports for life.

We have thought carefully about how we will spend our Sports Premium to enable all children to access high quality sporting experiences.

Sports Premium Received 2012/2013 £8895			
Where	What	Impact	Legacy
