Accessibility and Equality Plan

Purpose

This plan reflects our belief in a cultural diversity that embraces individuals and promotes community spirit. It is in keeping with our vision that, through our curriculum, we will prepare our pupils for participation in our richly diverse society. We aim to create a warm, friendly, welcoming environment and to eliminate any form of discrimination and prejudice against children, parents, carers, staff, visitors and the wider community served by the school.

Vision and Values

The Ryde School aims to provide a high quality education in a safe and caring environment. We welcome children, their parents and carers into a friendly, happy and hardworking atmosphere where there is an ethos of respect. Positive attitudes towards work and behaviour are encouraged and nurtured. Our children and families are listened to and contribute greatly to the life and progress of the school. The Ryde School benefits from the support and involvement of its Governors and community, who take an active interest in the school. The Ryde School is a school where all are valued and where everyone works hard to help each other reach their full potential.

Our approach to equality is based on the following key principles –

- All learners are of equal value. Whether or not they are disabled, whatever their ethnicity, culture, national origin or national status, whatever their gender and gender identity, whatever their religious or non-religious affiliation or faith background and whatever their sexual orientation.
- We recognise, respect and value difference. We welcome difference and strive to support individuals by working to remove any possible barriers they may have in relation to disability, ethnicity, gender, religion, belief or faith and sexual orientation. We feel that diversity is a strength, which should be respected and celebrated by all those who learn in, teach in and visit our school.
- We foster positive attitudes and relationships. We actively promote positive attitudes and mutual respect between groups and communities that are different from each other.
- We encourage a shared sense of cohesion and belonging. We want all members of our school community to feel a sense of belonging within the school and wider community. We hope that our policies will encourage positive interaction, good relations and dialogue between groups and communities different from each other in terms of ethnicity, culture, religious affiliation, national origin or national status.
- We observe good equalities practice in staff recruitment, retention and development. We ensure that policies and procedures benefit all employees and potential employees in all aspects of their work, including recruitment and promotion, and in continuing professional development.
- We have the highest expectations of all our children. We expect that all pupils can make good progress and achieve to their highest potential. We strive to provide all children with as many life experiences as possible, hopefully having a positive impact on their future.
- We work to raise standards for all pupils, including the most vulnerable. We believe that improving the quality of education for the most vulnerable groups of pupils raises standards across the whole school.

- Society as a whole should benefit. We believe that the work we do in school has a great impact on the wider society, including our school and local community, by fostering greater social cohesion and reduce prejudice-related bullying and incidents.

Legal Background

Our school is committed to meeting its public sector statutory duties as detailed below. We understand that the duties apply to service delivery and employment and staff management as well as policy development and implementation.

Our General Duty under the Equality Act 2010:

The purpose of this policy is to set out how our practice and policies have due regard to the need to:

- Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act.
- Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it
- Foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

The Specific Duties of the Act enable schools to meet their obligations under the Public Sector Equality Duty (PSED) The specific duties require schools to:

- Publish annually information quantitative and qualitative, showing compliance with the public sector equality duty (PSED) set out in clause 149 of the Equality Act 2010.
- Set every four years one or more specific measurable equality objectives that further the aims of the equality duty.

Protected Characteristics

The Equality Act 2010 protects pupils from discrimination and harassment based on protected characteristics. The protected characteristics for school provisions are:

- Age (for staff only)
- Disability
- Ethnicity and race

- Religion and belief

Disability

At The Ryde we implement accessibility plans which are aimed at:

- Increasing the extent to which disabled pupils can participate in the curriculum;
- Improving the physical environment of schools to enable disabled pupils to take better advantage of education, benefits, facilities and services provided;
- Improving the availability of accessible information to disabled pupils.

Provision for disabled pupils is closely linked with the existing provisions for pupils with special educational needs. These are the same duties as previously existed under the DDA and have been replicated in the Equality Act 2010.

Community Cohesion

Community Cohesion supports good practice in educating pupils/students about equality and diversity. It contributes to the school's efforts to provide a broad, balanced curriculum.

Roles and Responsibilities and Publish Information

The Board of Governors, supported by the Headteacher and staff, are responsible for ensuring the implementation of this scheme.

We comply fully with legislation which protects our staff (including teachers, teaching assistants and student teachers) from discrimination on the grounds of gender, transsexual status, race, disability, sexual orientation, religion or belief, or age. With regard to disability, we make such reasonable adjustments as are necessary to prevent a disabled person being at a substantial disadvantage in comparison with a person who is not disabled.

This includes discrimination in relation to recruitment, terms and conditions, promotions, transfers, dismissals, training and employment practices (such as dress codes) and disciplinary procedures.

- We make efforts to ensure that the diversity of our workforce reflects that of our local community and wider society.
- We will ensure the safety and well-being of our staff and act on incidents of harassment and discrimination recognising that our staff may be either victims or perpetrators.
- We will provide regular training for staff to enable them to deal effectively with prejudice-related incidents.
- We will tackle discrimination and anti-bullying reporting and recording all forms of prejudice-related incidents for example racism, homophobia, and negative views of disabled people or sexism.

Engagement - Participation and involvement

We welcome the participation and involvement of people from diverse backgrounds and of different abilities. When deciding what to do to tackle equality issues, we will consult and engage both with people affected by our decisions - parents, pupils, staff, members of the local community – and with people who have special knowledge which can inform the school's approach, such as disability equality groups and other relevant special interest organisations. Evidence of this engagement and how the duty has been addressed will be included in the annual report to governors.

Using information

We collect a range of information relating to incidents of harassment and bullying including those relating to racism, homophobia, disability and gender. These, if they occur, are reported termly to the Governing board. The Headteacher will look for trends so that we are able to identify any discriminations. The Local Authority provides us with a range of services which support the equality agenda and helps us to identify our strengths and those areas requiring action.
